contract in relation to the construction of the extensions to the Bogan Shire Medical Centre.

- 3 That Council's reason for not inviting fresh tenders is that it does not believe that a more favourable result can be obtained from re-tendering. This is based on considering the demand for building in the region which has increased construction prices since the initial project estimate, the pool of available tenderers in the region and Council's grant funding deadlines.
- 4 That Council's reason for determining to enter into negotiations with Regional West Construction is that:
  - a. They are currently the preferred tenderer following an evaluation process.
  - b. Advice from Council's consultant is that a more favourable tender result can be obtained by negotiating with Regional West Construction.
