# Vision for Inclusion

Bogan Shire Council's vision is "Comfortable Country Living". Our mission is to provide a comfortable country lifestyle by progressively improving the level of appropriate facilities and services and encouraging growth and economic development that is responsive to the needs of the community.

Bogan Shire Council has seven corporate values that guide our thinking, actions and decision making:

#### 1. Having respect for other people

We treat everyone equally and work to build and maintain mutual respect amongst ourselves, as Shire staff and councillors, as well as with our customers.

# 2. Providing responsive customer service

We recognise that our main function is to serve our local community and we make every effort to deliver quality services in a way that meets, or exceeds, their expectations.

## 3. Taking pride in Nyngan and the greater Bogan Shire

We take pride in doing what we do well to make a difference for the benefit of the whole Bogan Shire community to preserve and improve our "comfortable country living".

# 4. Working together as a team to get things done

We build teams that work together in a positive and supportive way to get the job done. Teams know that they rely on each individual to do their part and we encourage healthy two-way feedback.

# 5. Being accountable for our decisions and actions

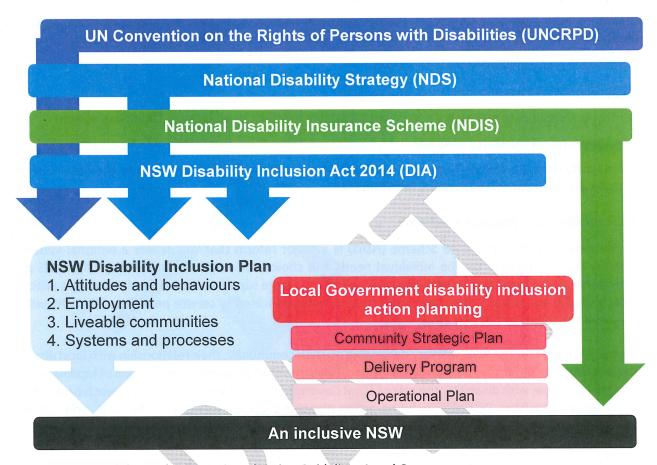

We accept responsibility for the decisions and actions that are taken on behalf of our community. Individually, all Council staff have ownership of their tasks and duties to make sure that we get the job done to the best of our ability.

# 6. Acting with integrity and honesty

Our dealings are open and transparent. We can be trusted to do the right thing and we strive to provide the best value for money to the community, our customers.

#### 7. Demonstrating strong leadership

Together with our community we have established a vision for the future of our Shire and we are committed to planning for and leading the achievement of our community's strategic goals.

# International

United Nations Convention on the Rights of Persons with Disabilities (UNCRPD), ratified by Australia in 2008, acknowledges that people with disability have the same human rights as those without disability.

This commits participating governments to ensure these rights can be exercised and that barriers are removed. The UNCPRD supports the social model of disability. This recognises that attitudes, practices and structures are disabling and can create barriers to people with disability from enjoying economic participation, social inclusion and equality which are not an inevitable outcome of their disability.

#### National

The NDS 2010-2020, developed in partnership by the Commonwealth, State, Territory and Local Governments, sets out a national plan for improving life for Australians with disability, their families and carers, to support the commitment made to the UNCRPD.

The NDS NSW Implementation Plan 2012-2014 was the NSW Government's initial two-year strategy to promote the principles of the NDS.

#### Local

The DIA also encourages planning and coordination across state and Local Government to reduce barriers for people with disability. It mandates Local Government to undertake disability inclusion action planning while recognising that disability action planning is not a new approach for some councils.

The DIA also builds on existing social equity requirements within the IP&R framework to strengthen Local Government commitment to inclusion, consultation and rights for people with disability.

It is essential to consider the diversity of people with disability in action planning for inclusion. 'People with disability' does not refer to a readily identifiable group, but to a wider community who may need support to fully participate in society, whether temporarily or throughout their lives. This might include, for instance, people with changing abilities due to ageing, people with a temporary illness or injury that affects their ability to participate, children with disability, Aboriginal and Torres Strait Islander people with disability, or people with disability from culturally and linguistically diverse backgrounds.

# Disability Snapshot Bogan Shire

According to the ABS Census 2011, 14.8 per cent of the population, or 309 people, living in the Bogan Shire identified as having a disability. Of that, 105 people, or 3.5 per cent of the population, identified as having a severe or profound disability.

101 of these people were living within the community; 43 of them were aged under 64 and 62 of them were aged 65 or over (comprising 11.5 pc of that population).

In June 2014, 6.1 per cent of the population, or 109 people, aged between 16 and 64 in the Bogan Shire received the disability support pension.

In September 2016 the Roads and Maritime Services had 77 registered holders of Mobility Parking Scheme permits, of which 64 were individual drivers and 11 belonged to organisations (2 were temporary).

#### Council Activity.

Council aims to ensure its services and events are accessible, and to provide opportunities for people with disabilities. Some examples include:

**PAMP** 

**Liberty Swing** 

Disability toilets and BBQ area at O'Reilly Park

Extra disability parking from six to a total of eight.

Seating in the main street for aged/people with mobility issues was raised.

Lack of access to shops, homes and council facilities for mobility aid users was raised.

Common themes and suggestions for change included:

Make sure council facilities are physically accessible

Playgrounds include accessible equipment

Footpaths are level and in good order

The railway line can be safely crossed between north and south Nyngan

More accessible public toilets and change facilities

A pool hoist be installed

More disabled parking, including parallel parking for larger vehicles which have back doors for access. Sheltered disabled parking so wheelchairs can be organised without getting wet.

More seating in the main street.

## 3. Employment

Meaningful employment contributes to independence and feelings of self-worth. Opportunities to work in paid and volunteer roles are important. Local employment, especially for school leavers, is important for the long term future of the community.

Common themes and suggestion for change included:

Educate employers on the value of employing people with a disability

Provide more opportunities for meaningful employment for people with a disability

Provide accessible work places and volunteer opportunities

Ensure accessible recruitment practices – simple forms and language.

#### 4. Service systems and processes

Some Council information is difficult to access and is only available in print format. Service information and processes don't allow for people with a range of disabilities.

Common themes and suggestion for change included:

Keep information simple

Ensure information is provided in a variety of formats

Utilise other information providers such as the Carer's Community Hub.
