

Operational Plan and Budget 2023/2024

Comfortable Country Living

Adopted 22/6/2023

Introduction

The Delivery Program and Operational Plan and Budget are where the community's long-term strategic goals, expressed in the Bogan Shire 2027 Community Strategic Plan, are systematically translated into actions.

The Delivery Program is a statement of commitment to the community from each newly elected council. Supporting the Delivery Program is an annual Operational Plan and Budget. It spells out the details of the Program – the individual projects and activities that will be undertaken each year to achieve the commitments made in the Delivery Program.

The Operational Plan and Budget (2023/2024) provides detailed information on the Council's specific actions and projects that will be implemented for the year for each service including Capital Works, Rates, Fees and Charges.

About Bogan Shire

Bogan Shire, situated in Western New South Wales, has an area of 14,610 square kilometres, equivalent to about 1.8% of the State's land surface. The geographical centre of the State lies within the Shire boundaries. The Shire has an estimated population of 2,644. Nyngan, the Shire's Administrative Centre, is located on the Bogan River at the junction of the Mitchell and Barrier Highways - an ideal rest point for the weary traveller.

There is an abundance of productive agricultural land for sheep and cattle production and large scale cropping enterprises. Nyngan's farmers are highly competitive on local and international markets and the large quantity of agricultural produce is conducive to the development of value adding industries and marketing ventures.

Nyngan offers warm hospitality and all the facilities of a modern rural township. Three Motels, two Caravan Parks and Hotels provide a choice of accommodation options. Three licensed Clubs cater for entertainment and relaxation. The town also boasts a selection of cafes, restaurants and take-away food outlets for dining.

The Bogan Shire has one high school, four primary schools, an Early Learning Centre for long day care, a pre-school, a mobile pre-school, and a TAFE Campus. Council's medical centre services meets Nyngan's medical needs through the provision of doctors, nurses, a podiatrist, pathology services and a network of other health professionals. Nyngan also has a hospital, an aged hostel and a dentist.

The recreational and sporting facilities in Nyngan are excellent and include facilities for bowls, golf, tennis, dancing, swimming, rugby union, rugby league, touch football, cricket, netball, fishing, boating, canoeing, water-skiing, soccer, little athletics and pony club. Whether you are looking for an outback experience or a place to escape the hectic pace of the city life, we hope that a visit to the Bogan Shire will show you what real *"Comfortable Country Living"* is all about.

Message from the Mayor

Bogan Shire Council delivers a wide range of services to our community. To enable us to fund these services we rely heavily on recurring annual government grants (\$10.6 Million) as well as general rates (\$3.2 Million) and fees or charges, including childcare and medicare (\$2.8 Million).

This income goes towards all of our services including road maintenance, keeping our parks, gardens and sports fields in excellent condition, operating and maintaining the swimming pool, showgrounds and library and that portion of Medical Centre and Early Learning Centre costs that are not covered by fees charged.

For the 2023/24 budget, general rates will increase by 3.7% in line with the IPART allowable rate peg. Council acknowledges that rates are a significant expense for all our ratepayers however, this increase is necessary for us to continue to provide services to the community in a financially responsible manner. This increase goes towards helping to maintain a balanced budget which will ensure that we can continue to serve our local community as a financially viable independent Council.

Waste and recycling charges will not be increased as Council is able to again cover all estimated costs with existing charges.

It is proposed that water access and user charges increase by 3% which equates to an \$18 increase on a standard 20mm service and 5 cents per kilolitre for usage to cover estimated operational costs. Sewer charges have also increased by 3% to ensure that we cover the estimated operational costs of providing the service. This 3% increase equates to \$13 on a standard residential connection.

Due to increased investment interest rates and an estimated 5% increase to the Financial Assistance Grant we have been able to absorb a number of cost increases in the budget including award wage increases of an estimated 4% and a regulated increase to employee superannuation of .05% to 11%, general operational expense increases including a 7.5% increase to insurance premiums, Emergency Services Levy increases and Local Government election costs.

Our Water Charges (\$1.9 Million) and Sewer Charges (\$545,000) help to ensure that our water and sewerage treatment plants continue to provide a safe and reliable service.

Council has budgeted to spend \$9.9 Million on road works, including \$1.5 Million on capital improvements to our road network. This includes \$684,000 on gravel re-sheeting of rural roads, \$227,000 for bitumen resealing and \$150,000 for new bitumen construction on Cockies Road and \$300,000 for rehabilitation on Tottenham Road. The budget includes \$1.8 million for keeping plant up to date, major items being a new grader, 16,000 litre water truck, 20T Excavator and a towed roller.

Message from the Mayor (continued)

Success in 2023 in the Resources for Regions Round 9 and Stronger Country Communities Round 5 grant applications for community projects totaling over \$8.45Million will allow us to complete a range of programs and projects including and Aboriginal Health Practitioner and Diabetes Educator for the Medical Centre, upgrades to the tennis courts and clubhouse, upgrades to Okeh Rd, Pangee Rd and Coffils Lane, town street rehabilitation and further replacement of defective footpaths and kerb and guttering. These funds can be spent over the next two and a half years.

The Capital Works Program includes the following major items:

→ Gravel Re-sheeting & Re-sealing of Rural Roads and Town Streets	\$911,524
→ Cockies Rd Construction	\$150,000
→ Tottenham Rd Rehabilitation	\$300,000
→ 16,000 L Water Truck	\$380,000
→ Grader	\$375,000

In order to fund these Capital Works Council will receive grant funding amounting to \$1,361,524.

On behalf of Council I commend the 2023/2024 Operational Plan and Budget to all residents.

Glen Neill

Planning & Reporting Framework

Our Vision, Our Mission

"Comfortable Country Living"

To provide a comfortable country lifestyle by progressively improving the level of appropriate facilities and services and encouraging growth and economic development that is responsive to the needs of the community

Keyword Definition – Comfortable

Safe and secure (both physically and financially protected), affordable, enjoyable, and relaxed community environment.

Strategic Priorities

Bogan Shire's Community Strategic Plan 2032

The Community Strategic Plan is the highest level plan that a council will prepare. The purpose of the plan is to identify the community's main priorities and aspirations for the future and to plan strategies for achieving these goals. In doing this, the planning process considers the issues and pressures that may affect the community and the level of resources that will realistically be available to achieve its aims and aspirations.

Themes and Goals Expressed in Bogan Shire 2032

Social

Goal: An inclusive community that works together and is able to access services and opportunities to support our comfortable country living.

Infrastructure

Goal: Construct and manage reliable and efficient community assets that provide access to quality services.

Environmental

Goal: To support, enhance and preserve the environment of our shire through sound planning and management practices to ensure a sustainable, healthy and safe community.

Economic

Goal: A vibrant local economy with a diversity of successful businesses that provide local employment opportunities and contribute to a prosperous community.

Civic Leadership

Goal: Strong, transparent and effective governance with an actively engaged community to ensure we remain Fit For The Future.

Strategic Priorities

Working with the NSW State Government

The current NSW State Government have listed the following areas as a priority for the Government:

- A Strong Economy
- Highest Quality Education
- Well Connected Communities with Quality Local Environments
- Putting the Customer at the Centre of Everything We Do.
- Breaking the Cycle of Disadvantage

The themes and goals expressed in Bogan Shire 2032 link in with these priorities and provide a basis for Council and the State Government to work together for the benefit of our community.

The following goals relating to the Well Connected Communities with Quality Local Environments section are of particular significance to the Bogan Shire:

- Transport
- Health
- Family and Community Services
- Education

**Bogan Shire Council
Revenue Policy (General)
2023/2024**

Introduction

The *Local Government Act 1993* requires a Council to include a Statement of Revenue Policy in each Management Plan. In compiling this statement, a number of significant factors have been considered in conjunction with the projected Operational Budget. In the current economic climate, Council is continuing to face increasing cost pressures while being relatively constrained with a static revenue base. The 2023/2024 Operational Budget has been formulated within these income and cost constraints.

The major factors to be considered in this Statement of Revenue Policy include:

The Minister for Local Government has given approval for Council to increase its notional general income by 3.7%.

Council will ensure all rates, fees and charges will be applied equitably in accordance with the *Local Government Act 1993*.

Council supports the user pay principle in assessing the levying of fees and charges and the amounts to which they are set, this is balanced with the needs of those in the community for whom it would impose undue hardship.

Council obtains its funds from a range of sources including:

- Grants
- Rates
- User Charges
- Investments
- Private Works
- Other Income
- Loans
- Internal Charges
- Transfers from Reserves

Proposed Rates and Charges

Rating Method Options

The *Local Government Act 1993* provides Council with the following three alternative methods:

1. Solely ad valorem rating i.e. cents in the \$ on land value.
2. Minimum rate plus ad valorem rate.
3. A base amount of up to 50% of the total yield required to be raised from a category or sub category of a rate and applied to all rateable parcels within that category or sub category plus an ad valorem rate to raise the additional required.

Council presently uses the minimum plus ad valorem rate, a method that has been in operation for many years and has proved satisfactory.

Rates Statement

Rates are levied on the land value of the property (as determined by the Valuer General) and in accordance with the *Local Government Act (1993)*.

Categorisation of Land for Purposes of Ordinary Rates

Council in accordance with Section 514 *Local Government Act 1993* must declare each parcel of rateable land in its area to be within one of the following categories:

- Farmland
- Residential
- Mining
- Business

Council utilises the provisions of Section 528 and 529 of the *Local Government Act 1993* in applying differential rating to the categories of ordinary rates.

The criteria in determining the categorisation of land is as follows:

Rate may be the same or different within a category

1. Before making an ordinary rate, a council may determine a sub-category or sub-categories for one or more categories of rateable land in its area.
2. A sub-category may be determined:
 - a. for the category “farmland”—according to the intensity of land use, the irrigability of the land or economic factors affecting the land, or
 - b. for the category “residential”—according to whether the land is rural residential land or is within a centre of population, or
 - c. for the category “mining”—according to the kind of mining involved, or
 - d. for the category “business”—according to a centre of activity.

Note: In relation to the category “business”, a centre of activity might comprise a business centre, an industrial estate or some other concentration of like activities.
3. The ad valorem amount (the amount in the dollar) of the ordinary rate may be the same for all land within a category or it may be different for different sub-categories.
4. Land may be taken to be irrigable for the purposes of subsection (2) (a) if, and only if, it is the subject of a water right within the meaning of the [*Valuation of Land Act 1916*](#).

Categorisation as farmland

- 1 Land is to be categorised as ***farmland*** if it is a parcel of rateable land valued as one assessment and its dominant use is for farming (that is, the business or industry of grazing, animal feedlots, dairying, pig-farming, poultry farming, viticulture, orcharding, bee-keeping, horticulture, vegetable growing, the growing of crops of any kind, forestry or aquaculture within the meaning of the *Fisheries Management Act 1994*, or any combination of those businesses or industries) which:
 - a. has a significant and substantial commercial purpose or character, and
 - b. is engaged in for the purpose of profit on a continuous or repetitive basis (whether or not a profit is actually made).
- 2 Land is not to be categorised as farmland if it is rural residential land.
- 3 The regulations may prescribe circumstances in which land is or is not to be categorised as farmland.

Categorisation as Residential

Land is to be categorised as ***residential*** if it is a parcel of rateable land valued as one assessment and:

- a. its dominant use is for residential accommodation (other than as a hotel, motel, guesthouse, backpacker hostel or nursing home or any other form of residential accommodation (not being a boarding house or a lodging house) prescribed by the regulations), or
- b. in the case of vacant land, it is zoned or otherwise designated for use under an environmental planning instrument (with or without development consent) for residential purposes, or
- c. it is rural residential land.

Note: 1a. For the purposes of this section, a boarding house or a lodging house means a building wholly or partly let as lodging in which each letting provides the tariff-paying occupant with a principal place of residence and in which:

- a. each tariff charged does not exceed the maximum tariff for boarding houses or lodging houses for the time being determined by the Minister by order published in the Gazette for the purposes of this subsection, and
 - b. there are at least 3 tariff-paying occupants who have resided there for the last 3 consecutive months, or any period totalling 3 months during the last year, and includes a vacant building that was so let immediately before becoming vacant, but does not include a residential flat building, licensed premises, a private hotel, a building containing serviced apartments or a backpacker hostel or other tourist establishment.
- 4 The regulations may prescribe circumstances in which land is or is not to be categorised as residential.

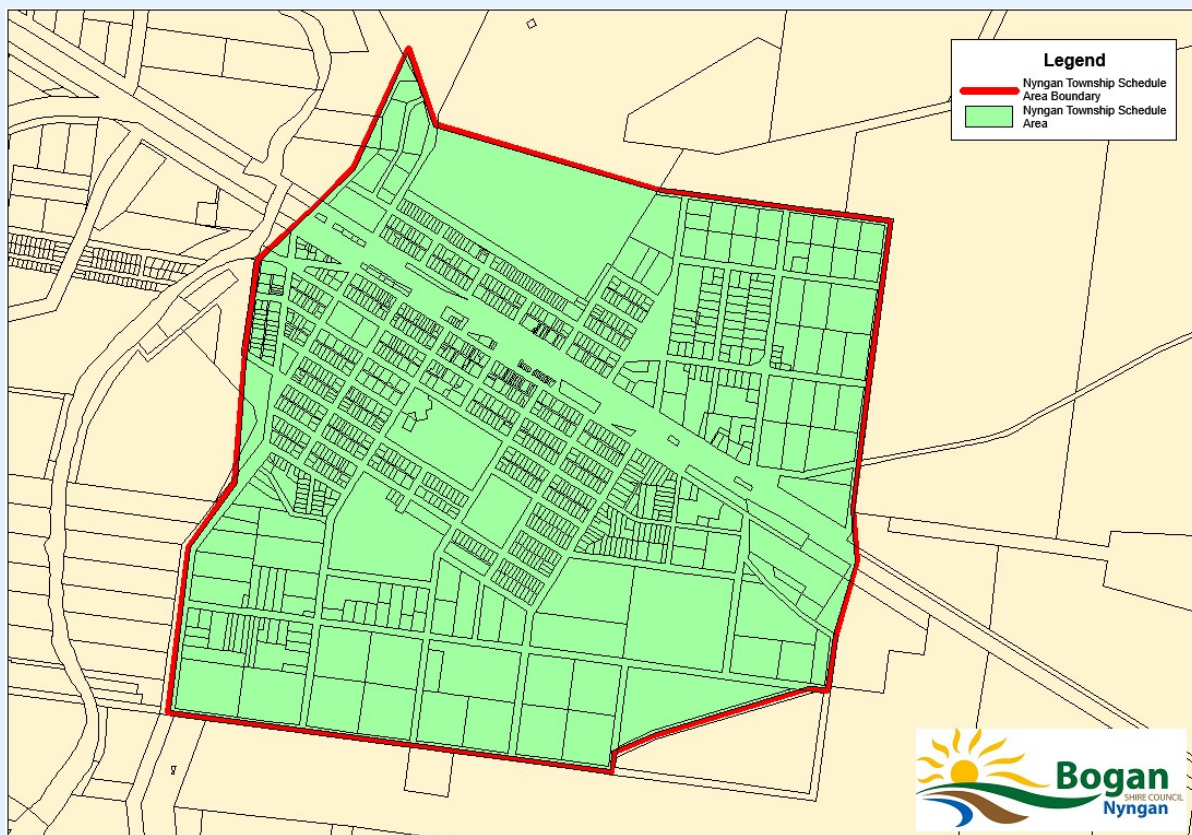

Residential – Nyngan Shire Area

All residential land within the boundaries set out in the schedule hereunder.

Nyngan Township Schedule Area

All that land enclosed by a line commencing at the south eastern corner of suburban section 34 in the town and parish of Nyngan then running in a south westerly direction along the flood control levee across portion 94 and section 18 to the corner of Bexon Street and Boundary Street East then westerly along the southern boundaries of suburban sections 17, 16, 15 and 14 to Tottenham Road, then generally northerly along the levee bank constructed on the western side of the town of Nyngan to the junction of the levee bank with Moonagee Road then generally south easterly and southerly by that road to a point opposite the western extension of Jubilee Street then easterly along an extension of Jubilee Street to the north eastern corner of suburban section 2, then southerly from that point of along the eastern boundaries of suburban section 2, 3, 6, 7, 35 and 34 to the point of commencement, excluding all land within this area currently zoned 1 (c) (rural small holdings) under Council's Local Environmental Plan 1991.

Those sections zoned 1 (c) (rural small holdings) within the above schedule include Sections 12, 13, 14, 15, 16, Part Sections 18 and 94 within the flood control levee, Section 34, part Section 6 (lots 1-4), Sections 1 and 2 and Section 15 (DP 755305).

Residential – Girilambone, Hermidale & Coolabah

All land used for residential purposes that is contained in the townships of Girilambone, Hermidale and Coolabah.

Residential

All residential land in the Shire not contained in the designated schedule area, including land categories “Rural Residential” by definition under the *Local Government Act, 1993*.

Residential - Rural

The definition of Rural Residential Land is reproduced below:-

“rural residential land” means land that:

- Is the site of a dwelling; and
- Is not less than 2 hectares and not more than 40 hectares in area; and

Is either:

- not zoned or otherwise designated for use under an environmental planning instrument;
or
- zoned or otherwise designated for use under such an instrument for non-urban purposes;
and
- does not have a significant and substantial commercial purpose or character.

Categorisation as Mining

- 1 Land is to be categorised as mining if it is a parcel of rateable land valued as one assessment and its dominant use is for a coal mine or metalliferous mine.
- 2 The regulations may prescribe circumstances in which land is or is not to be categorised as mining.

Mining – Nyngan Shire Area

The whole Shire area.

Categorisation as Business

Land is to be categorised as **business** if it cannot be categorised as farmland, residential or mining.

Business – Nyngan

All land within the boundaries set out in the schedule referred to in the residential section above.

Business – Girilambone, Hermidale and Coolabah

All land within the boundaries of Girilambone, Hermidale and Coolabah

Business

All other land not categorised as farmland, residential or in the above mentioned business categories.

Strata lots and company titles taken to be separate parcels of land for categorisation

For the purposes of this Part:

- a. each lot in a strata plan that is registered under the Strata Schemes (Freehold Development) Act 1973 or the Strata Schemes (Leasehold Development) Act 1986, and
- b. each dwelling or portion of the kind referred to in section 547 (1), is taken to be a separate parcel for the purposes of categorisation.

Mixed development land

- (1) Definitions In this section, "mixed development land" and "non-residential land" have the same meanings as in section 14BB of the [Valuation of Land Act 1916](#).
- (2) Categorisation of parts of mixed development land If a valuation is furnished under the [Valuation of Land Act 1916](#) for mixed development land:
 - a. the part of the land that is non-residential land is taken to have been categorised as business, and
 - b. the part of the land that is not non-residential land is taken to have been categorised as residential, despite sections 515-518.
- (3) Sub-categories. Council may determine a sub-category for a part of land to which subsection (2) applies according to the category determined by that subsection for the part.
- (4) Apportionment of rates and charges A rate, the base amount of a rate, or the minimum amount of a rate or of a charge, that is made and levied according to categories or sub-categories of land is to apply to a parcel of mixed development land according to the percentages represented by the apportionment factor for the parcel ascertained under section 14X of the [Valuation of Land Act 1916](#).

Pensioner Concessions

Section 575 of the Local Government Act 1993, provides for concessions on Council rates and charges for eligible pensioners. By virtue of Section 575, an eligible pensioner may apply to Council for annual concessions on a rate or charge of:

- Up to \$250.00 on all ordinary rates and charges for domestic waste management services
- Up to \$87.50 on annual water charges. - Up to \$87.50 on annual sewer charges

Applications for concessions must be made in writing using the appropriate form available from Council's Rates Department. You can only claim a concession on the property if it is the sole or principal place you live.

The Council believes that the concession rates set by the NSW State Government are adequate, equitable and require no additional concession to be offered by the Council.

How is vacant land to be categorised?

If vacant land is unable to be categorised under section 515, 516 or 517, the land is to be categorised:

- a. if the land is zoned or otherwise designated for use under an environmental planning instrument—according to any purpose for which the land may be used after taking into account the nature of any improvements on the land and the nature of surrounding development, or
- b. if the land is not so zoned or designated—according to the predominant categorisation of surrounding land.

Notice of declaration of category

A Council must give notice to each rateable person of the category declared for each parcel of land for which the person is rateable.

1 The notice must be in the approved form and must:

- a. state that the person has the right to apply to the council for a review of the declaration that the land is within the category stated in the notice, and
- b. state that the person has the right to appeal to the Land and Environment Court if dissatisfied with the council's review, and
- c. refer to sections 525 and 526.

Council's Preferred Rating Structure

Council, in levying their 2023/2024 rates, should take necessary steps to avoid exceeding their allowable notional yield. All figures are based on valuations on hand as at April 2023 and there may be properties awaiting amended valuations due to split valuations, amalgamations or objections to the new land values applied for rating from 01/07/2023.

Rate Structure for 2023/2024

Council proposes to use the allowable rate pegging limit of 3.7% to be distributed evenly across all rating categories and sub-categories. Council has budgeted for Minimum rates to increase by an average of 3.7%.

Table1: Rates for 2023/2024

How General Rates are Calculated

The calculation used to ascertain the proposed general rates for an individual property are:

$$LV \times AV / 100 = \$$$

Note: LV = Land Value AV = Ad Valorem / = Division \$ = Proposed General Rate

Note: If the result of the calculation is under the amount shown in the Minimum column of the above table for the category or sub-category required, then the Minimum rate is payable.

Interest on Overdue Rates

Council applies an interest rate to overdue rates and charges in accordance with Section 566 of the *Local Government Act 1993*. For the 2023/2024 year Council resolved

the interest rate is 8%.

Annual and User Charges

Council provides a range of services on an annual basis for which it charged an annual or user charge.

- Water Supply
- Sewerage Services
- Domestic Waste
- Other Waste

In determining its pricing structure and its pay for use model, Council considered the following issues:

- Distribution of costs equitably among consumers and the elimination of cross subsidies
- Efficient water use by consumers
- Environmental protection and sustainability of natural resources
- Compliance with Government directive impact of the pricing policy on customers and consumption behaviour.

Water Charges

Council has implemented a two-part water charging policy, as per Best Practice guidelines, consisting of an annual Water Access Charge and a Water Consumption Charge.

Consumption Charges

Charge Treated Water 2022/2023	Charge Treated Water 2023/2024	Charge Raw Water 2022/2023	Charge Raw Water 2023/2024
2.10/kl	2.15/kl	0.70/kl	0.72/kl

Council will levy Water Consumption (usage) charges based on the number of kilolitres consumed at a rate set out in the table below.

Access Charge

Council will levy an annual Water Access Charge based on the size of the water meter(s) connected, or, if there is no water meter connected, the appropriate minimum charge. Each additional water meter will be charged an access charge according to the size of the meter. Therefore, in accordance with the provisions of Section 535 and Section 552 of the *Local Government Act 1993*, and the *NSW Water Management Act & Regulations*, Water Supply Access Charges be levied on all properties (except for those non-rateable properties described in part (c) of the non-rateable properties section shown below), which is:

S552(1)(a)

Land that is supplied with water from a water pipe of the Council; and

S552(1)(b)

Land that is situated within 225 metres of a water pipe of the Council whether the land has a frontage or not to the public road (if any) in which the water pipe is laid, (*and confined within the area shown on each of the Town Water Supply areas*), and although the land is not actually supplied with water from any water pipe of the Council.

Water Access Charges – Residential & Non-Residential

Water Access Charges Non-rateable properties:

****NOTE:**

"Non-rateable properties" refers to properties that are defined as "non-rateable" under the *Local Government Act 1993*.

- Water Access Charges will be levied for access to the water supply system as for rateable properties.
- All variable Consumption (usage) charges will be levied as for rateable properties
- Non-rateable State Government properties of a non-commercial nature without a water connection and not utilising the service will not be levied an annual fixed Water Access Charge.

Residential and rural residential properties outside town or village boundaries

Residences outside the existing town and village boundaries connected to the water supply, will be charged the normal town water supply charges including annual fixed Water Access Charges and the applicable variable town usage charges as set out in the above tables or any special charge or consumption charge or tariff as it deems necessary or appropriate.

Sewer Charges

RESIDENTIAL SEWER ACCESS CHARGES – Nyngan

(Section 501 *Local Government Act 1993*)

Council charge residential properties a minimum annual Sewer Access Supply charge per assessment. The annual Sewerage Access Supply charge will be applied to all single dwellings, strata units and vacant land, categorised as Residential Nyngan, under the following criteria:

For rateable properties inside town or village boundary

In accordance with the provisions of Sections 535, 501 and 552 of the *Local Government Act 1993*, a Sewer Access Supply Charge will be levied on all rateable land within the area shown on the Town or Village Sewer Supply area except: i) Land which is more than 75 metres from a sewer of the Council and is not connected to the sewer; ii) Land from which sewerage could not be discharged into any sewer of the Council.

For rateable properties outside town or village boundary

Rateable properties outside the existing village boundary, and connected to the town sewer supply, will be charged the normal town Sewer Access Supply charges.

As per Best Practise Guidelines, in the case of properties which may contain more than one dwelling unit, such as Dual Occupancies, Multi-dwellings, Residential flats, (excluding granny flats), an annual Residential Flat Sewer charge, will be levied per each 'dwelling unit'.

The relevant definitions of a dual occupancy, residential flat building and multi dwellings per the Bogan LEP 2011 is provided below.

Definitions:

Dual occupancy (attached) - 2 dwellings on one lot of land that are attached to each other, but does not include a secondary dwelling.

Dual occupancy (detached) - 2 detached dwellings on one lot of land, but does not include a secondary dwelling.

Multi dwelling housing - 3 or more dwellings (whether attached or detached) on one lot of land, each with access at ground level, but does not include a residential flat building. Multiple Dwelling properties are a classification of housing where multiple separate housing units for residential inhabitants are contained within one building or several buildings within one complex.

Residential flat building - a building containing 3 or more dwellings, but does not include an attached dwelling or multi dwelling housing.

Secondary Dwelling (Granny Flats) - a self-contained dwelling that:

(a) is established in conjunction with another dwelling (the principal dwelling), and

(b) is on the same lot of land as the principal dwelling, and

(c) is located within, or is attached to, or is separate from, the principal dwelling.

NON-RESIDENTIAL SEWER ACCESS CHARGE – Nyngan

(Sec 501 *Local Government Act 1993*)

Council will charge non-residential Nyngan ratepayers (ie any assessment not rated as Residential), a Sewer Access Supply charge as per best practice guidelines based on their water meter

connection size, sewerage discharge factor and water usage. This will be charged per assessment per water meter. The sewer access charge for the 2023/2024 rating year will be charged in accordance with the Department of Land and Water Conservation "Water Supply, Sewerage & Trade Waste Pricing Guidelines".

Non-Residential Sewer Access Charges based on service size are shown below:

In accordance with the provisions of Section 535, 501 and 552 of the Local Government Act 1993, a Sewer Access Supply Charge will be levied on all rateable land within the area shown on the Town or Village Sewer Supply area except: i) Land which is more than 75 metres from a sewer of the Council and is not connected to the sewer; ii) Land from which sewerage could not be discharged into any sewer of the Council.

NON-RESIDENTIAL SEWER USAGE CHARGES – Nyngan

(Sec 501 *Local Government Act 1993*)

Best practice guidelines for non-residential customers involves an appropriate sewer usage charge is required for the estimated volume discharged to the sewerage system based on the capacity requirements that their loads place on the system relative to residential customers. Grant funding for sewerage augmentation was conditional on council adopting these pricing guidelines.

The use of the sewerage service by all non-residential properties will be charged on a quarterly basis in accordance with the following structure:

$$B = \text{SDF} \times (\text{AC} + \frac{400}{\text{C}} \times \text{UC})$$

B = Sewerage charge non residential

SDF = Sewerage Discharge factor

AC = () Access Charge

D = Water Supply Service Connection Size

C = Annual Water Consumption

UC = Usage Charge \$2.15

The proposed access charge for non-residential customers will not be less than the sewerage services for Vacant Lots \$567.

NON-RESIDENTIAL SEWER USER CHARGES – NON RATEABLE PROPERTIES

(Schools and Churches etc.)

(Sec 501 *Local Government Act 1993*)

Council can provide Community Service Obligations (CSOs) to non-rateable properties and Council has such a scheme in place. These non-rateable properties are not subject to the access charge but are responsible for water and sewer usage charges. The charges for 2023/2024 will be calculated as follows:

$$B = \text{SDF} \times (\text{AC} + \text{C} \times \text{UC})$$

B = Sewerage charge non residential

SDF = Sewerage Discharge factor

AC = () Access Charge

D = Water Supply Service Connection Size

C = Annual Water Consumption

UC = Usage Charge \$2.15

The proposed charge for non-residential customers will not be less than the charge for Sewer Services for Vacant Lots \$567.

NON-RESIDENTIAL SEWER ACCESS CHARGES – MULTIPLE USE PROPERTIES

(Flats, Motels, Hotels, Caravan Parks etc.)

(Sec 501 *Local Government Act 1993*)

Best practice sewerage pricing involves a uniform annual sewerage bill for multiple use properties (flats, motels, hotels, caravan parks, etc.). Grant funding for sewerage augmentation was conditional on council adopting these pricing guidelines. The charges for 2023/2024 will be calculated as follows:

$$B = \text{SDF} \times (\text{AC} + \text{C} \times \text{UC})$$

B = Sewerage charge non residential

SDF = Sewerage Discharge factor

Waste Management Charges

DOMESTIC WASTE MANAGEMENT CHARGE – Nyngan

(Sec 496 *Local Government Act 1993*)

- (1) A Council must make and levy an annual charge for the provision of domestic waste management services for each parcel of rateable land for which the service is available.
- (2) A Council may make an annual charge for the provision of a domestic waste management service for a parcel of land that is exempt from rating if:
 - a. the service is available for that land, and
 - b. the owner of that land requests or agrees to the provision of the service to that land, and
 - c. the amount of the annual charge is limited to recovering the cost of providing the service to that land.

Council does not have to obtain ministerial approval in terms of Section 508(2) of the *Local Government Act 1993* in regard to Domestic Waste Management (DWM) charges for 2023/2024. Council has reviewed the waste management operations in order to determine the appropriate

current and future costs to be included as part of the reasonable costs determination. The *Local Government Act 1993* requires that the level of charges must be based upon “reasonable costs”.

Where additional Domestic Waste Management services are requested the proposed charges are lower than the first collection charge and are shown below.

The proposed annual Domestic Waste Management Charge for 2023/2024 is shown below:

The estimated yield for Domestic Waste Management Charges is \$451,249.

WASTE MANAGEMENT CHARGES – Other

(Sec 501 *Local Government Act 1993*)

(1) A Council may make an annual charge for any of the following services provided, or proposed to be provided, on an annual basis by the Council:

- water supply services
- sewerage services
- drainage services
- waste management services (other than domestic waste management services)
- any services prescribed by the regulations.

(2) A Council may make a single charge for two or more such services.

(3) An annual charge may be levied on each parcel of rateable land for which the service is provided or proposed to be provided.

Council will levy charges for other Waste Services in accordance with Section 501 of the *Local Government Act 1993*. These fees are charged on the basis of each property serviced multiplied by the number of services provided. The Waste Management Depot Charge is charged to each
