 - c. A large proportion of the population, including the elderly, disabled, small businesses and local schools and charities, will always have a need to face-to-face financial services despite advances in technology.
 - d. For hundreds of communities, their only access to cash and financial services is through Bank@Post at their community post office.
 - e. Bank@Post is an essential service to all communities, but is vulnerable to commercial decision-making by the banks, which can choose to withdraw their participation.
2. Council calls on the Commonwealth Parliament to pass the Commonwealth Postal Savings Bank Bill to establish a post office peAustralians andly guaranteed by the Commonwealth, as a dedicated postal savings bank, operating exclusively through Australia Post's corporate and licensed post offices, which will ensure basic banking services – including deposit-taking, business and personal lending,

and access to cash – are available to all Australians, and will contribute to Australia’s national economic development.
